

A detailed illustration of a Halloween night scene. In the background, a dark, multi-story house with a gabled roof and several windows is lit from within, casting a warm glow. The house is framed by the dark, gnarled branches of a tree. In the foreground, a large, carved jack-o'-lantern with triangular eyes and a jagged mouth sits on a path covered in fallen leaves. Two lit candles are placed on either side of the jack-o'-lantern. The overall atmosphere is spooky and festive.
